About Me

Hi, I'm Asim. I recently passed my matriculation exams and am currently a first-year student pursuing a diploma in computer science through Aptech. I'm passionate about learning and exploring the world of technology. Join me on my journey as I delve into the exciting world of computer science!

Experience

1. **prime fitness project.**

http://std1460779.aptech-students.com/login.html

- Developed a comprehensive fitness website featuring dedicated sections for cycling, swimming, a premium salon, a gallery showcasing facilities, and a well-equipped gym.
- Implemented a user-friendly FAQ section to address common queries.
- Created an interactive enquiry form for potential clients to connect with the gym.

2. **Picnic game x**

https://picnicgamex.netlify.app/

- Independently conceptualized and developed a picnic game x website .
- Designed and implemented the entire user interface, ensuring an intuitive and engaging viewer experience.
- good user experience.

Education

IN PROGRESS DEGREE.   ADVANCED DIPLOMA IN SOFTWARE ENGINNERING IN APTECH LEARNING CENTER.

CURRENTLY STUDENT.   *Pass Matriculation and now FIRST YEAR Student IN COMPUTER SCIENCE.*
